Location:	<i>Tyndale Vets, Lower Wick, Dursley, GL11 6DD</i>		

Job description

Come aboard Tyndale Vets as a Tuberculin Tester! We are looking for an enthusiastic and professional individual to permanently join our team as an Approved Tuberculin Tester (ATT). No experience in TB testing is required and full training will be given.

ABOUT US:

Nestled in the scenic Gloucestershire countryside, Tyndale Vets provides high quality care to our farm animals, camelids and deer, boasting a vibrant team of 30. Our mission is to deliver outstanding service and support, empowering farmers to reach their goals. Embracing a culture of fun and teamwork, every team member is driven and dedicated to collaborative success. We prioritise initiative and innovation, striving to position our team as one of the foremost providers of veterinary production animal medicine in the UK.

THE ROLE:

Do you love working with animals and spending time outdoors? Are you self-motivated, resilient, and ready for a fresh challenge? We've got the perfect opportunity for you!

What You'll Do:

- Use your large animal experience, on farm with our clients, delivering TB testing in cattle.
- Explore the countryside while working independently.
- Complete administrative tasks promptly and obtain timely approval from your supervisor to ensure clients receive their paperwork as quickly as possible.

Your Day:

- You'll be working **4 days a week** with Wednesdays off (Monday, Tuesday, Thursday and Friday).
- Start and finish times will vary each week based on the rota. Whilst some days may be longer and some may be shorter, you'll work an average of **32 hours per week**.
- Flexibility is key, as occasional early starts and long days may be required. Whilst we are generally able to give good notice on hours, there are occasional last-minute changes.
- Alternatively, if you would prefer full time hours, we are also open to a 4/6 working pattern, working 4 days a week one week and 6 days a week the next (Monday-Saturday).

What We're Looking For:

- Someone who's over 18, confident working with animals and isn't afraid to get their hands dirty.
- A great communicator who's flexible, detail-oriented, with a positive attitude.
- You'll have experience with animals, or perhaps you've studied agriculture. Plus, you'll need three GCSEs (or equivalent) in Maths, English, and Science.

- A **full driver's license** and a good sense of direction are a must!

Why You'll Love It:

- You'll receive a competitive salary, plus **enhanced sick pay** and **annual leave**.
- Comprehensive training and mentoring from our team of Vets and ATTs.
- **Employee discounts**.
- A supportive work environment where **your growth and development** are a priority.

At Tyndale Vets, diversity is celebrated, and we welcome applicants from all walks of life. Join us, and be part of a team that values teamwork, innovation, and a dash of fun!

Apply now by sending your CV and a covering letter to rose.franklin@tyndalevets.co.uk by **Thursday 10th October**, or call Rose and have a chat on 01453 511311.
